

**Dr. Rafael Campo**  
**Senior Advisor, Energy Markets**  
**RISK LIMITED CORPORATION**

Dr. Rafael Campo is an international expert on energy markets and is a senior advisor for Risk Limited.

Dr. Campo has served as an advisor on power market issues for companies and government agencies throughout the Western Hemisphere and Europe. He is experienced in research, development and implementation of systems for decision support in electric power markets. Dr. Campo has provided support to regulatory agencies in conducting comparative analysis of regulatory regimes that emphasize competition.

He has been an advisor to the International Energy Agency in Paris, the International Atomic Energy Agency in Vienna, and regulatory agencies in Ecuador, Venezuela, Salvador and Panama. He is the author of articles on probability analysis and decision-making in a range of applications in the power industry, including generation planning and strategic management.

Dr. Campo has a Ph.D. and a M.S. in industrial engineering and operations research from the University of California at Berkeley. He graduated with honors from the National University in Bogotá, Colombia with a B.S. in electrical engineering. He has done post-graduate work at Stanford University and the University of Michigan at Ann Arbor. Dr. Campo has taught at a number of universities as a visiting professor, including the University of Michigan at Ann Arbor.
